- The State 4-H Dog Show is open to any breed of dog (purebred and mixed). However, no wolf-hybrids may be shown.

Teen and Adult Show Helpers

Teens and parents are expected to help with the show as posts and runners. Leaders or county coordinators are expected to help for one hour for each 8 classes. (Ex. 5 4-H members registered for a total of 16 classes = 2 hours of volunteer help at the show). Counties may fulfill volunteer hours by assisting with set up and tear down; volunteer directly to kelli.larson@sdstate.edu.

Dog Health Regulations

All dogs participating in the State 4-H Dog Show must be in good health and have a valid Certificate of Veterinary Inspection with the following:

- A properly completed Certificate of Veterinary Inspection certifying that the animal is free of diseases and has received current vaccinations for rabies and distemper, parainfluenza, hepatitis, leptospirosis and parvovirus.
- A licensed and accredited veterinarian must issue the Certificate of Veterinary Inspection for each animal within 30 days of the State 4-H Dog Show entry. Multiple animals of the same species may be listed on one health certificate.
- Each animal must have individual identification which may be the rabies tag number issued by the veterinarian or a description of the animal listed on the health certificate. The official tag the veterinarian issues when the dog is vaccinated for rabies is recognized as official identification. NOTE: Rabies tags do not replace health certificates. Certificates of Veterinary Inspection, properly filled out, must be presented to a representative of the South Dakota Animal Industry Board as animals check in.
- Any questions regarding the health of an animal will be based on the animal's condition as it is presented on show day. This determination is at the discretion of the State Veterinarian or official representative.
