

4-H Youth Horse Literacy

Introduction

From the Horse Safety Program, workshops and competitions, the South Dakota 4-H program has a long history of promoting equine education. Though youth are encouraged to maximize their equine education by taking advantage of *many* learning opportunities, one Youth Horse Literacy (YHL) certified event is required each program year for youth interested in exhibiting horse in a county horse show or the state horse show. This program will replace the former Horse Safety Program. The YHL program will not only allow youth to ensure safe handling and minimize risk around horses, but also allow them to gain more comprehensive knowledge of their equine project.

Procedure [effective 2022-23 4-H program year]

Here is a handy checklist SD4-H horse exhibitors will complete before the annual June 1 deadline:

- Enroll** youth and projects in 4hOnline.
 - Upload **Horse** animal information and photographs.
 - Upload **Lease Form**, if applicable.
- Complete at least one **YHL** certified event. See menu of options on the next page.
 - If attending the event in your own 4-H county, be sure to sign in at registration. Upon completion of event, you will receive a certificate.
 - If attending a YHL event out-of-county, you will convey completion certificate to your home 4-H county's Extension Office.
 - Upload certificate into 4-H online under **Youth Horse Literacy** upload tab.

Special Note for 4-H State Horse Show Exhibitors

Additional requirements apply to participate in the State 4-H Horse Show. Look to the South Dakota 4-H Horse Project Show Guide (usually available around April 15) for these additional guidelines.
